<input type="checkbox"/> I have reviewed and discussed the details of this referral with the child's family/legal guardian			Initials:

The CASA Preschool Day Program (PDP) is a tertiary-level, inter-disciplinary diagnostic and therapeutic educational resource for children aged 4 and 5 who are experiencing severe challenges managing or regulating their emotions and behavior such that they have been unable to participate meaningfully in the home and community options. Associated difficulties with development, executive functioning and learning may be evident.

Referral Details

List existing diagnoses, medications, allergies, and any general medical concerns (attach relevant documents).

Describe your social-emotional and behavioral concerns for this child in detail (use additional pages as required).

Parents/Guardians concerns as described by you (use additional pages as required).

School functioning and concerns (use additional pages as required).
